

The importance of Energy Conservation grows every day, and what better way to instill environmental responsibility in the youth than through creativity?

As the nodal organization entrusted by the Ministry of Power, Government of India, Damodar Valley Corporation (DVC) proudly organized the State Level Painting Competition on Energy Conservation for West Bengal and Jharkhand in November'24.

Hundreds of students from Class V to X showcased their artistic brilliance in two categories:

- Group A (Classes V-VII)*
- Group B (Classes VIII-X)*

Top three winning paintings of each category from both the states have been portrayed on the pages of the calendar.
