WORK ORDERS

1	MTPS	Replacement of Complete mill shell liners of CM # 2EF, Inlet & some Cyl. Liner of CM # 2CD and Ball screening in all mills of U # 2 for overhauling, MTPS, DVC on ground of urgency.	M/s MAGADH ENGINEERING WORKS, D/20/116,TTPS,LA LPANIA,BOKARO (JH), BOKARO,Pincode: 829149	Single(Urgency)	M/s B.K.Construction was awarded the contract for AMC/ARC of Coal Mill U#1-4, MTPS vide W.O no.MT/O&M/QSF-05-07-01/23-24/GEMC-511687727010483/SN(035)/AA(055)/328 Dated 14/10/2023 which includes subject jobs of Coal Mills.However, despite several verbal discussion with the Site Manager as well as correspondence with the Agency the work is not being started. The unit#2 has shut down from 29.07.2024 to 25.08.2024, which is very limited period shutdown, but no work has been started.The subject jobs are very critical and more than ten days mill shut down required, and in such case ultimately generation compromised in unit running condition if not executed the subject job in shut down opportunity.. If the subject work is not executed, the coal mill of U#2 shall not perform properly, and mill breakdown may occur which affect the generation and poor reliability of the system after unit overhauling.There is no departmental infrastructure for execution of said job and running ARC agency is not in a position to take up the subject jobs. M/s Magadh Engineering works has already been doing the Coal Mill ARC Work Of U#5,6 vide W.O no.MT/O&M/QSF-05-07-01/CMMS U#1-6/2023-24/ GEMC-511687759883179/SKP-164/264 dated 28.06.2023. The performance ot the party has been found satisfactory till date and, as per verbal discussion, they are willing for said work. 2	MTPS	Contract for Eddy current Test of Condenser Tube of U#2 (210MW) MTPS	M/s APT Inspection Technologies, Plot No. 137, RG Residency, Telecom Nagar, Gachibowli, Hyderabad, Telengana, India: 500032	Single(Urgency)	<p>For carrying out Eddy current test of condenser tubes for Unit H was awarded on M/S AMEEE NI)T INSPECTION ENGINEERS PVT LTD, Chennai vide order no GEMC-511687760145425 Dated 13/06/2024 due to requirement of NTPC, R&M team who are engaged for preparation of R&M report of Unit 1, 2 and 3. Presently Unit is under Overhauling for RLA of Generator and during this opportunity there is a planning for eddy current test of condenser tubes to meet the compliance of preliminary report of R&M team as submitted.</p> <p>After thorough cleaning and drying the condenser, the vendor was intimated over telephone as well as vide mail dated 12.08.2024 to mobilise the manpower to carry out eddy current test. In reply of mail, the vendor confirmed that they will mobilise the manpower on or before 18.08.2024. But till date they have not mobilised the manpower yet and neither picking our phone nor replying against our mail, even after they have not pick-up the phone call of Sr.GM(O&M). As the overhauling is under verge of completion and further delay on account of mobilisation of the said vendor may affect the schedule of overhauling. Under this emergent situation, work has to be taken-up on urgent basis as normal tendering procedure cannot be followed due to paucity of time to meet the overhauling schedule of Unit#2. The job is testing and specialized in nature and there is no infrastructure for carrying out the job departmentally. The firm M/s APT Inspection Technologies have enough expertise to carry out eddy current test and readily available at MTPS site who is currently engaged in job for health assessment of High-Pressure Heaters, Low Pressure Heaters and Drain Coolers of U#1,2,3 vide WO no- DVC/Contract/Head Quarter/TAMS 1/CMM/Works and Service/00002 Dated 27/07/2024, can be entrusted for the above work</p>	MT/O&M/QSF-05-07-05/2024-25/Single(Urgency)/RK(161)/453 Dated 22/08/2024 (DVC/Contract/MTPS/TMS 1/C&M/Works and Service/00030)	1,99,500.00	4.5(i)	---
